TO: Potential Applicants for Louisiana Targeted Brownfields Assessment Services

FROM: Paul Miller, P.E. Assistant Secretary 

SUBJECT: **APPLICATIONS FOR LOUISIANA TARGETED BROWNFIELDS ASSESSMENT SERVICES NOW BEING ACCEPTED**

The Louisiana Department of Environmental Quality, Office of Environmental Assessment will be accepting applications for Louisiana Targeted Brownfields Assessment (TBA) Services beginning November 10, 2008. Applications will be accepted until the contract funds are depleted.

LDEQ will perform a limited number of Phase 1, Phase 2/RECAP environmental assessments and cleanup plans on brownfields properties to be selected from applications received during this application period. ***Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant.***

These Targeted Brownfields Assessments are intended to promote the cleanup, redevelopment, and re-use of brownfield properties in our state.

Eligible applicants must be local government, quasi-government, or qualified non-profit entities which are not responsible for contaminating the site. Eligible properties must be **brownfields** which are owned or anticipated to be acquired by the local government, quasi-government (e.g., planning commissions), or qualified non-profit entities. Properties contaminated only with petroleum products or contaminants are now eligible for Louisiana TBA Services.

Each eligible applicant can submit applications for assessments for a maximum of three brownfields properties.

The Louisiana TBA Services Application form is available on our website: www.deq.louisiana.gov/brownfields . Potential applicants may also request an
